Approval for the turbine oil „ REMIZ TU - 32 “

On the basis of the test result we grant approval for the turbine oil REMIZ TU - 32. The approval schedule was made in Czech and English language. This schedule could be used as a recommendation of the steam turbine producer in the selection procedure for turbine oil delivery to the oil systems of the ŠKODA steam turbines.

The approval oil and his producer is enlistmented to list of advisably turbine oils, which is a enclosure to description of oil system, delivered to turbine customer.

APPROVAL OF THE TURBINE OIL

RAFINERIA GDAŃSKA SA
p. Mariusz Lipowicz
ul. Elbaska 135
80 - 718 Gdańsk

Pilsen, 22. 1. 1999

Sub. : Approval for turbine oil „ REMIZ TU - 32 “

ŠKODA ENERGO Ltd., factory TURBINY confirms that the turbine oil of RAFINERIA GDAŃSKA SA. mark „ REMIZ TU - 32 “ was tested and it met the producer parameters. On the basis of these test results they complied with our standard : „ Technical Requirements for the Turbine Oil Using in Oil Systems of the Steam Turbines ŠKODA“.

We approve the turbine oil „ REMIZ TU - 32 “ for all steam turbines manufactured by ŠKODA according to required viscosity grade.

The approval becomes effective from the January 22nd 1999. The approval will be canceled :

- if the approved formula has been changed (change of designation, producer, other kind of additives, e. t. c.);
- if negative field results are recorded.
